Login Screen

Login Screen Have UserName , Password And Verification Code Option

Login Password And Verification Code Change Option Provided On Same Login Screen, No Need Of Additonal Change Password Page

The screenshot shows a mobile application login screen. At the top, there is a blue header bar with a hamburger menu icon on the left, the word "Login" in the center, and a vertical ellipsis icon on the right. Below the header, there are three input fields: "Username" with a purple underline, "Password" with a grey "NEW" button to its right, and "Verification" with a grey "NEW" button to its right. At the bottom of the form is a large blue rounded button labeled "LOGIN". Dashed lines with circular endpoints connect the text boxes on the left to the "Username" and "Verification" fields on the right.

Price View & Price View Options

By Click On Sub Menu Option Of Price View User Having Choice Of Create New Price View, Add Script, Index View , Customized Settings For His Price View.

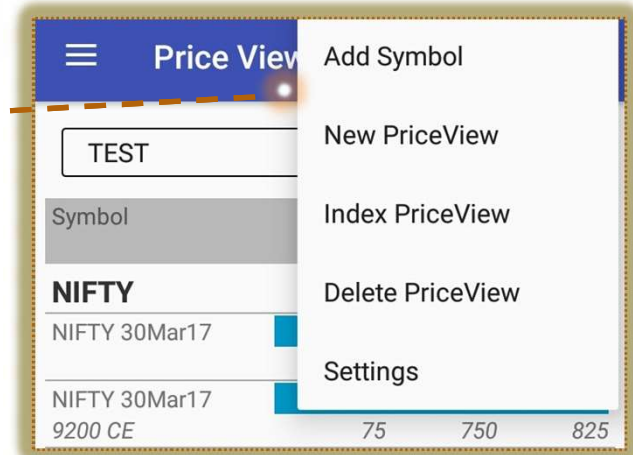

User Can Simply Manage Multipal Price View By Click On Dropdown Box.

The screenshot shows a mobile application interface titled "Price View". At the top, there is a blue header with a menu icon on the left and a settings icon on the right. Below the header is a search bar containing the text "TEST". The main content is a table with the following columns: Symbol, LTP, Bid, and Ask. The table lists several market instruments with their respective prices and quantities.
